MAGDEBURG,
GERMANY

18 - 19 SEPTEMBER
2025

OTTO VON GUERICKE
UNIVERSITÄT
MAGDEBURG

International Society of
Gender Medicine (IGM)

ADVANCING GENDER UND SEX SPECIFIC MEDICINE FROM LAB TO LIFE

DEAR ALL FRIENDS OF GENDER AND SEX-SPECIFIC MEDICINE,

The 11th International Congress of the International Society for Gender Medicine, hosted by the German Society for Gender Medicine (DGesGM), will take place on September 18–19, 2025, in Magdeburg, Germany. Building on the success of the 10th Congress in Padua, Italy, this event brings together leading experts from around the world to exchange cutting-edge insights and innovations in sex and gender medicine.

The congress aims to translate findings from basic and clinical research into patient care, focusing on an expanded range of indications and sex-specific and gender-sensitive, individualized treatment approaches.

The congress serves as a platform to advance high-quality and equal healthcare for a sustainable future. Participants include researchers, clinicians, healthcare professionals, policymakers, funding institutions, and industry leaders.

You are very welcome to Magdeburg by the president and the board of the IGM.

UTE SEELAND, MD, PHD

CONGRESS PRESIDENT
